Introduction

- In today's generation, there is a rise in the amount of crime in our country and most of the people are unaware of the criminal laws under IPC (Indian Penal Code).
- The laws are categorized into different sections according to some keywords.
- There is also a facility available for users to get contact details of the lawyers.
- This project also contains information of all the respective courts in area for respective crimes.
- The motivation behind developing this android application is to bridge this gap by providing a user- friendly platform where users can easily search for legal information, understand the laws, and connect with qualified lawyers.

Problem Definition 📄

Problem Statement:

- People are unaware of the criminal laws under the Indian Penal Code (IPC).
- It is necessary to make citizens aware of the laws against crime to encourage them to report cases.
- Gathering information about law sections and rules from websites can be difficult for users.
- Laws have different sections so it becomes very difficult to find a suitable law for our self

Our Solution:

- Our application provides the best possible solutions for those seeking answers on a free-of-cost subscription basis.
- It contains detailed information regarding all the IPC laws so that an individual can easily search for the laws about the crime committed.

Requirement Analysis

➤ **HARDWARE REQUIREMENTS** : The hardware use for the development of the project is

- **PROCESSOR:** Intel(R) Core(TM) i7-9750H CPU @ 2.60GHz 2.59GHz
- **RAM:** 32.0 GB
- **MONITOR:** NVIDIA GeForce GTX 1650
- **HARD DISK:** 20 GB
- **KEYBOARD:** STANDARD 102 KEYS

➤ **SOFTWARE REQUIREMENTS** : The software used for the development of the project is

- **OPERATING SYSTEM:** 64-bit operating system, x64-based processor
- **ENVIRONMENT:** Android Studio IDE
- **LANGUAGE:** HTML, CSS, JavaScript, JAVA
- **BACKEND:** JAVA, Firebase Realtime Database

Module Description

➤ User Management:

- User Registration: The app shall allow users to register and create an account.
- User Profile Management: The app shall allow users to manage their profiles including updating of contact information and password.
- Role-Based Access Control: The app shall implement role-based access control to restrict access to sensitive features and data.

➤ Communication:

- Email Notifications: The app shall send email notifications for important events, such as case updates or deadline reminders.
- Easy Contact: Customer can view the lawyer's personal information and also can get the contact details of the professional.

Continued....

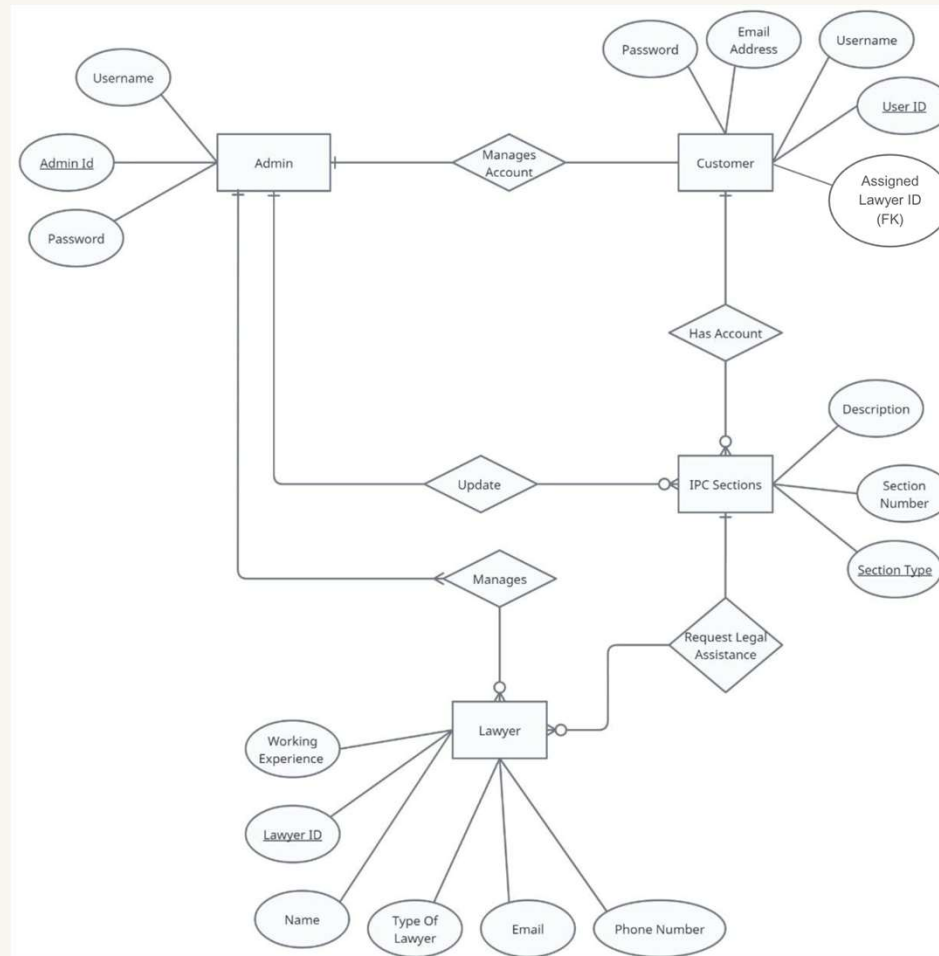

➤ **Reporting and Analytics:**

- Case reports: The app shall generate reports on case status, outcomes, and other relevant metrics.
- User Activity Reports: The app shall implement access controls to ensure only authorized users can access sensitive features and data.

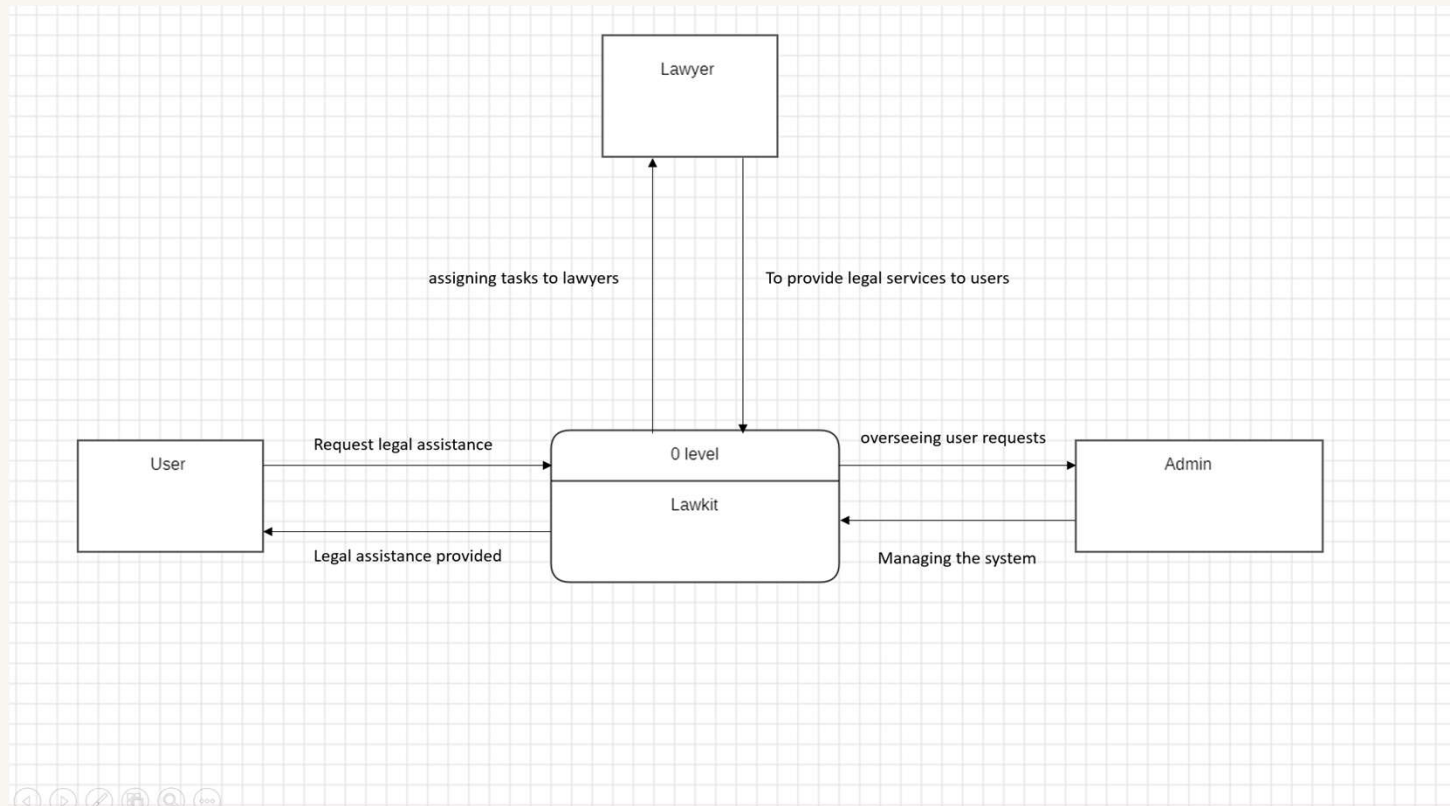

➤ **Security and Compliance:**

- Data Encryption: The app shall encrypt sensitive data, such as user information and documents.
- Access Controls: The app shall implement access controls to ensure only authorized users can access sensitive features and data.

I am having difficulty in logging into my account. It is saying Invalid Username. Please take necessary actions as soon as possible.

LAWYER SIGN UP PAGE

A mobile app mockup for the 'Lawkit' sign-up page. The app has a dark blue header with the 'Lawkit' logo. The main background is a dark teal color. A white rounded rectangle contains the 'Sign Up' form. The form has a title 'Sign Up' in purple, followed by four input fields with icons: 'Name' (person icon), 'Username' (envelope icon), 'Number' (ID card icon), and 'Password' (lock icon). Below these is a purple 'SIGN UP' button and a link 'Already an user? Login'.

The image shows a mobile app interface for 'Admin IPC Law Page'. At the top, there's a status bar with the time 14:14 and various icons. Below it, there's a search bar with the placeholder text 'Search...'. The main content area is white and contains a list of law entries. Each entry consists of a golden gavel icon, a title, and a corresponding IPC section number. The entries are: 'Robbery IPC 393', 'Cheating IPC 421', 'Cheating IPC 422', 'Cheating IPC 420', 'Trepass IPC 441', and 'Trepass IPC 442'. At the bottom right, there's a dark blue circular button with a white plus sign.

IPC LAW UPLOAD PAGE

A mobile application interface for uploading IPC LAW data. The screen features a blue status bar at the top with the time 14:14 and various system icons. The main content area is a white rounded rectangle with a blue border. At the top of this rectangle is the title "Upload Data" in blue. Below the title is a blue icon of a document with a mountain and an upload arrow. There are three white rounded input fields with blue borders, each containing a placeholder text: "Enter Key name", "Enter description", and "Enter IPC LAW". At the bottom of the rectangle is a dark blue rounded button with the text "SAVE" in white. The entire app interface is centered on a light beige background.

Future Scope

Integration with artificial intelligence for
personalized legal advice

1

Expansion of our legal professional network.

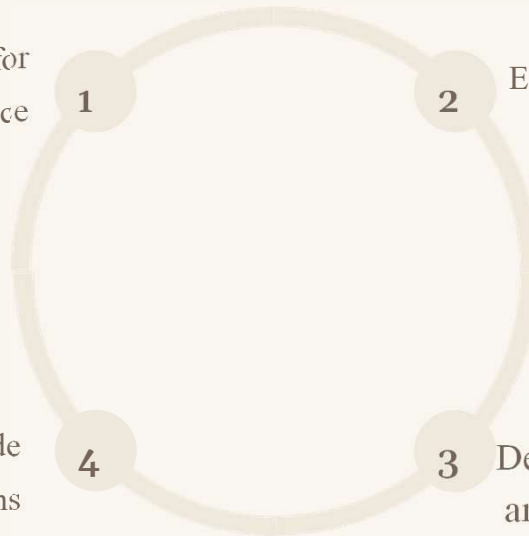

2

Expansion of our application to include
multiple languages and jurisdictions

4

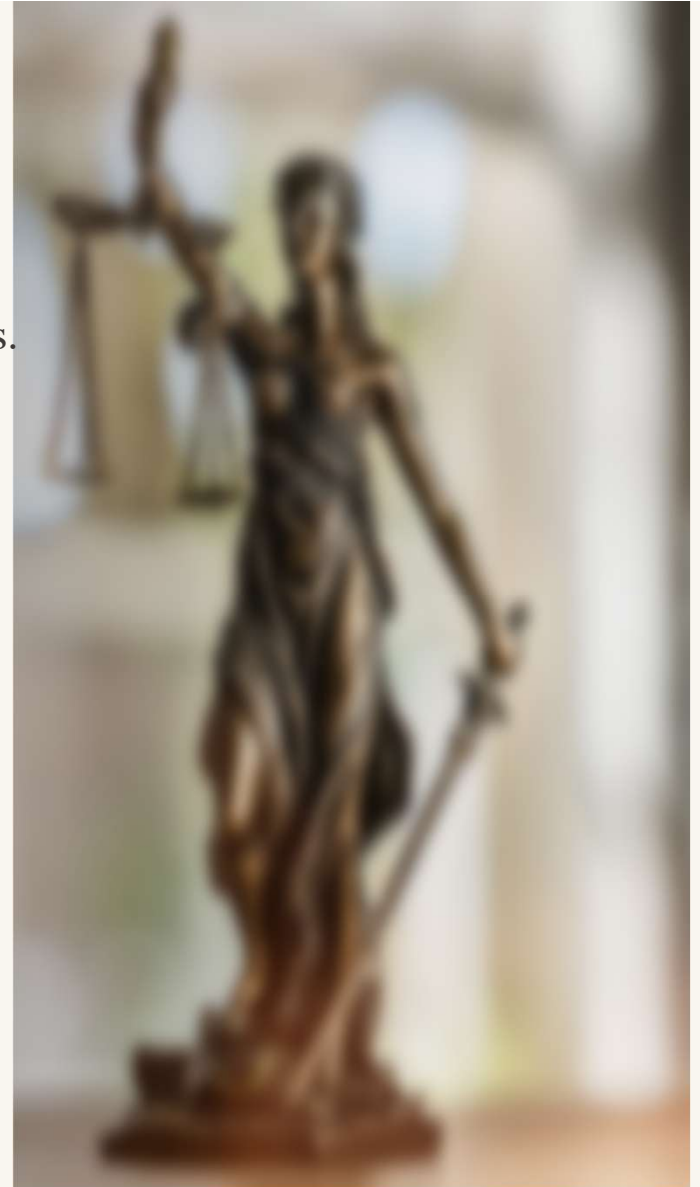

Development of additional features for legal education
and research.

3

CONCLUSION 📋

- 1 Our law-based app provides a comprehensive platform for accessing legal information and connecting with legal professionals.
- 2 The app aims to make legal services more accessible and affordable for individuals and businesses.
- 3 We strive to continuously update and improve the app to meet the evolving needs of our users
- 4 Connect with legal professionals and like-minded individuals
- 5 Stay updated on the latest legal developments and trends
- 6 Contribute to creating a more accessible and equitable legal system
